

# BENG183 Final Project FALL 2019

For final projects submission, follow these steps: (Note: please only submit once per group.)

1. Sign up for a free GitHub account if you haven't already.
2. To start, fork the repository: [https://github.com/Zhong-Lab-UCSD/BENG183\\_Final\\_Projects\\_FALL2019](https://github.com/Zhong-Lab-UCSD/BENG183_Final_Projects_FALL2019)

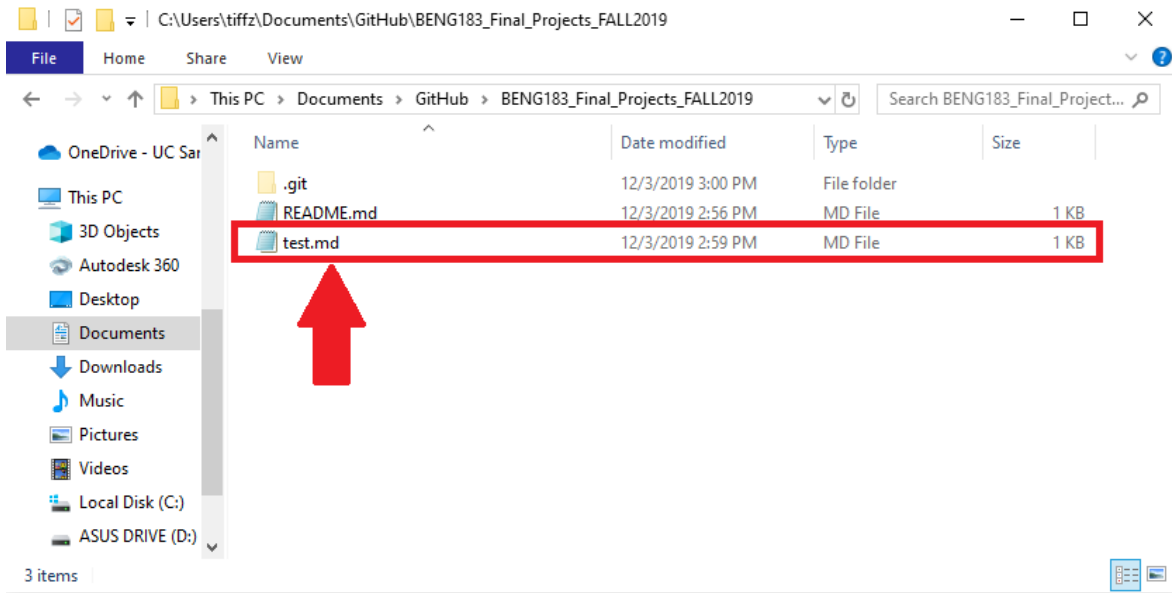

3. Clone the forked repository to your computer. (You may need to download and install the GitHub Desktop application if you haven't already.)

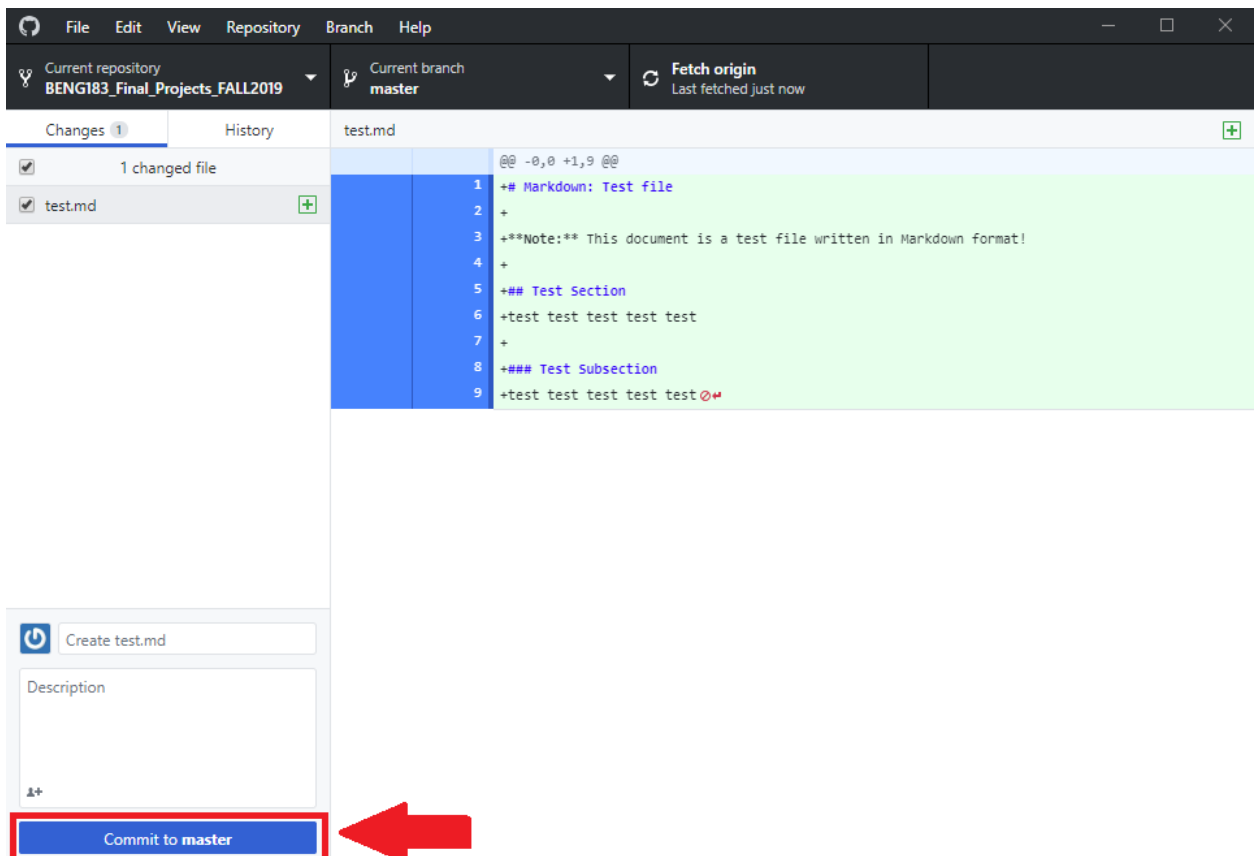

4. Upload your final project report in .md file format by adding to the GitHub repository folder on your computer.

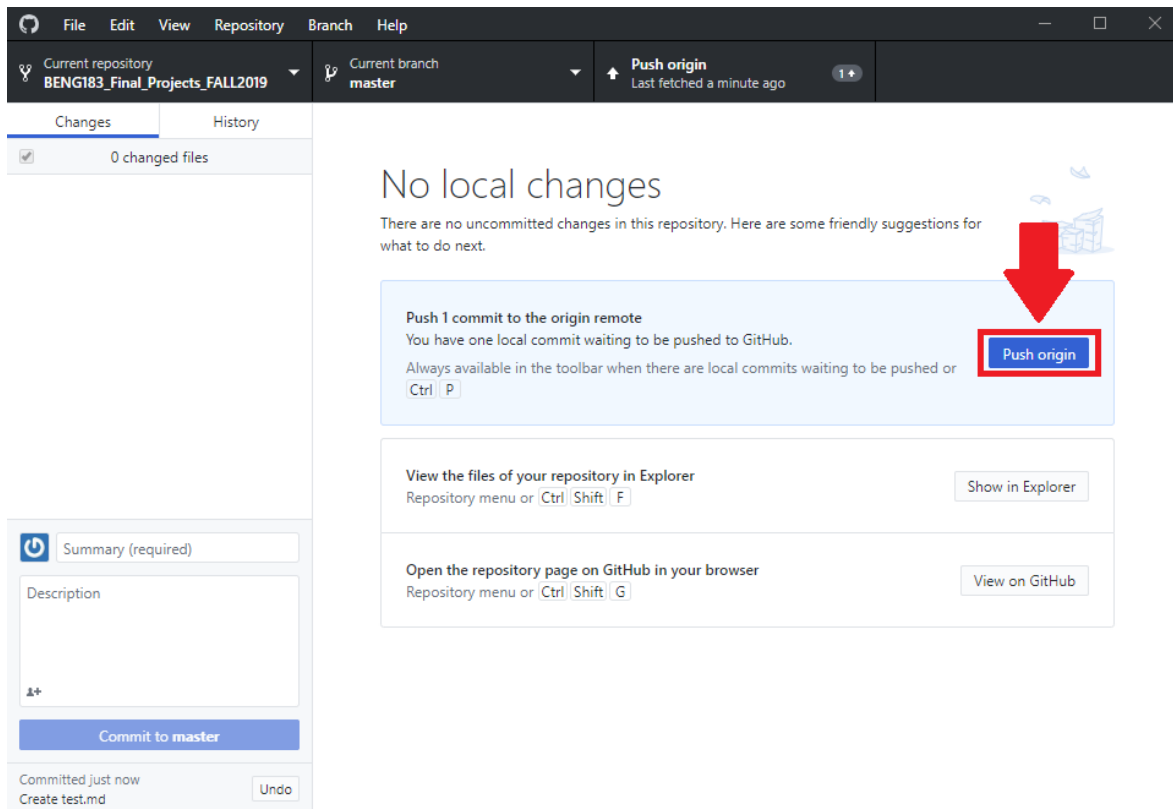

- Please name your document using the format **“GROUP##\_Final\_Project.md”**

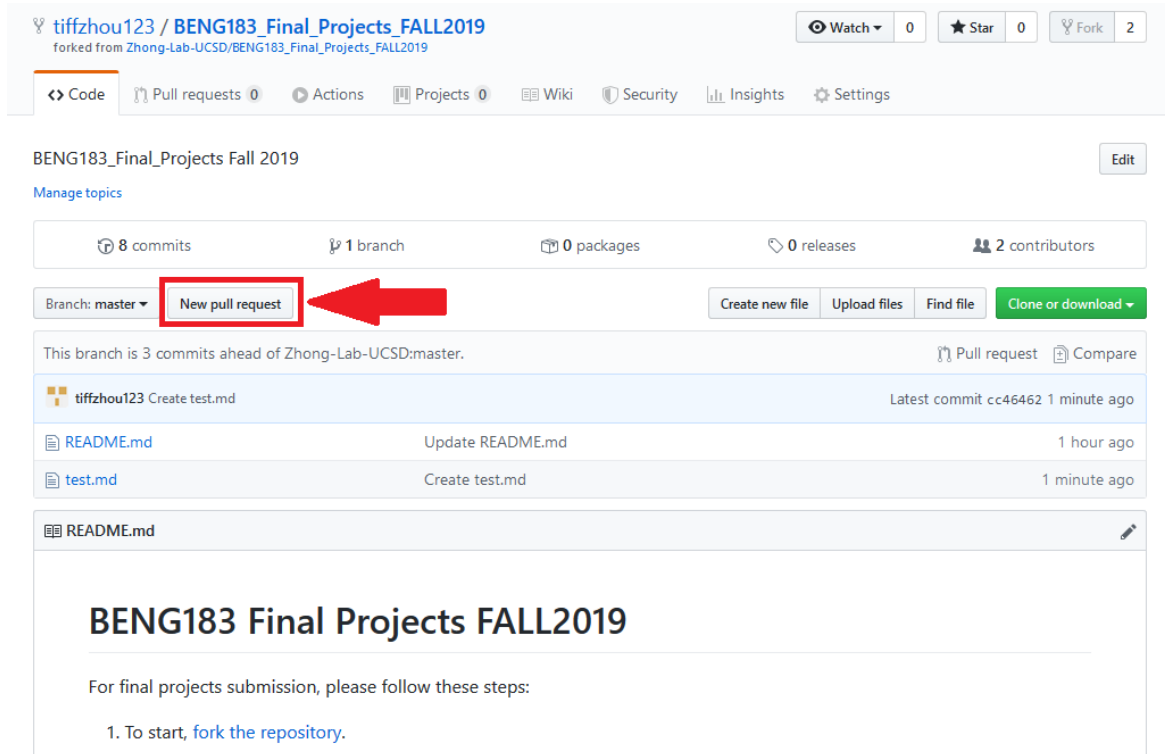

5. The GitHub Desktop application should update to show the added file. Commit changes to complete your solution.

6. Push/sync the changes up to GitHub.

7. Create a pull request to merge changes to the original repository to turn in the assignment.

## Comparing changes

Choose two branches to see what's changed or to start a new pull request. If you need to, you can also [compare across forks](#).

base repository: Zhong-Lab-UCSD/BENG183\_Final\_Pro... base: master head repository: tiffzhou123/BENG183\_Final\_Pro... compare: master

✓ Able to merge. These branches can be automatically merged.

Create pull request

Discuss and review the changes in this comparison with others.
